

**1. Measure the critical dimensions of your spa**  
(measurements preferred in MM)

**2. Choose one lip style and provide measurement**

**3. Choose options.**

What colour would you like your cover?

What type of cover would you like?

Would you like your cover: hinged in the middle (standard) or seperable (2 piece)

Do you have control buttons on the top lip of your spa that are over 25 mm high?

If you know the make and model of your spa, that information can be useful

25 KG
